MORE SUSTAINABLE BUSINESS FOR YOU

Testimonials
by Sector
Professionals

In an unprecedented initiative in the sector, **Ecomondo Brasil** and **Ecoenergy** will work together in 2019.

All the expertise of one of **the most important trade shows of green economy in Europe**; Ecomondo Italy, will join forces with **the biggest renewable energy event in Latin America**.

For 3 days, the São Paulo Expo, the most modern exposition pavilion in Brazil, will be at the center stage of the newest and latest trends in **Waste Management (Urban, Industrial and Automotive) and Energy (Biogas and Biomass)**, in a **B2B environment**, specially prepared to bring together industry professionals, service providers, research centers and also public and private sector administrators.

More opportunities to **meet leaders, buyers and influencers all around Brazil**, more networking and a **lot of business deals** for you.

ECOMONDO BRASIL PILLARS

WASTE

In collaboration with ABRELPE Brazilian Association of Public Cleaning Services and Special Waste Services and ISWA - The International Solid Waste Association, to discuss solutions, technologies and trends for the administration of industrial and urban solid waste.

ENERGY

In collaboration with ABIOGAS- Brazilian Association for Biogas and Biomethane, we will enable the exchange of experiences that will encourage energy administration for companies, combining industrial competitiveness with the employ of the best technologies to promote the sustainable market's growth.

"We are hoping to exceed all expectations in ECOMONDO BRASIL 2019, by addressing/ dealing with some of the most important issues for the business sector and the whole society. We will engage in high content debates, proposing solutions and transforming the event in one of the most important meeting points for discussing about sustainability."

TATIANA TUCUNDUVA

President of the Scientific Committee of Ecomondo Brasil 2019

"INRA's aim is to operate actively to increase the sustainability level in the vehicle market, and the ECOMONDO BRASIL 2019 will be a great opportunity to demonstrate the importance of the complete cycle of vehicle dismantling and recycling."

LUIZ NASSIF

President of the INRA - National Institution for Vehicle Recycling Council

"ECOMONDO BRASIL will be a great way to share experiences, learn about new and look for creative and innovative solutions for waste administration through Circular Economy, and also about renewable energy."

PROF. DR. FERNANDO CODELO NASCIMENTO

Senai / IPEN-USP
